### Analysis and Overview:

Today the market is also having chance of Recovery, but the lack of volume is the main concern for its movement. The MACD, RSI, and STS indicator are still in favor for upside movement. On the FUNDAMENTAL basis, Market has still lot to gain as the major companies reported growth in EPS. On TECHNICAL Ground the indicators are also in favor, but the matter of investor interest will decide sufficient volume under this scenario.

The resistance level to overcome for the day are 22215, 22295 and 22497, where the support level are define at around 21975, 21913 and 21802 respectively. To be on safe side just rely on delivery based trading and consider only Selected Scripts which are fundamentally strong and have a potential to move.
